of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Rural Utilities Service

TITLE: Request for Approval to Sell Capital Assets

OMB CONTROL NUMBER: 0572-0020

SUMMARY OF COLLECTION: The Rural Utilities Service (RUS) is a credit agency of the U.S. Department of Agriculture (USDA). It makes mortgage loans and loan guarantees to finance electric, telecommunications, and water and waste facilities in rural areas. In addition to providing loans and loan guarantees, one of RUS' main objectives is to safeguard loan security until the loan is repaid. Accordingly, RUS manages loan programs in accordance with the Rural Electrification Act of 1936, 7 U.S.C. 901 et.seq., as amended, (RE ACT) and as prescribed by Office of Management and Budget (OMB) Circular A-129, Policies for Federal Credit Programs and Non-Tax Receivables, which states that agencies must, based on a review of a loan application, determine that an applicant complies with statutory, regulatory, and administrative eligibility requirements for loan assistance.

NEED AND USE OF THE INFORMATION: RUS borrower will use form 369, *Request for Approval to Sell Capital Assets*, to seek agency permission to sell some of its assets. The form is used to collect detailed information regarding the proposed sale of a portion of the borrowers systems. RUS will collect information to determine whether or not the agency should approve a sale and also to keep track of what property exists to secure the loan. If the information in Form 369 is not collected when capital assets are sold, the capital assets securing the Government's loans could be liquidated and the Government's security either eliminated entirely or diluted to an undesirable level.

Rural Utilities Service

TITLE: 7 CFR 1728, Electric Standards and Specifications for Materials and Construction

OMB CONTROL NUMBER: 0572-0131

SUMMARY OF COLLECTION: The Rural Electrification Act of 1936, 7 U.S.C. 901 et seq., as amended, (RE Act) in Sec. 4 (7 U.S.C. 904) authorizes and empowers the Administrator of the Rural Utilities Service (RUS) to make loans in the several States and Territories of the United States for rural electrification and the furnishing and improving of electric energy to persons in rural areas. RUS' Administrator is authorized to provide financial assistance to borrowers for purposes provided in the RE Act by guaranteeing loans made by the National Rural Utilities Cooperative Finance Corporation, the Federal Financing Bank, and other lending agencies. These loans are for a term of up to 35 years and are secured by a first mortgage on the borrower's electric system. Manufacturers, wishing to sell their products to RUS electric borrowers, request RUS consideration for acceptance of their products and submit letters of request with certifications as to the origin of manufacture of the products and include certified data demonstrating their products' compliance with RUS specifications.

NEED AND USE OF THE INFORMATION: RUS will collect information to evaluate the data to determine that the quality of the products is acceptable and that their use will not jeopardize loan security. The information is closely reviewed to be certain that test data; product dimensions and product material compositions fully comply with RUS technical standards and specifications that
